

THE BLAIRMORE ENTERPRISE

VOL. XVII, NO. 7

THE BLAIRMORE ENTERPRISE, THURSDAY FEBRUARY 15, 1926

FIRST OF ALLAN CUP

PLAYOFFS A DRAW

The first of the two-game series of playoff for the Allan cup championships took place on the Coleman arena last night, and resulted in a draw, four-four. Coleman's junior team, which of course includes the players as Rockie and Gates, were in excellent form and kept Rhyas busy throughout the game. Blairmore's lineup was as follows: Goal, Rhyas; defence—Wheatley and Anderson; forwards—Pruden, McKay, Vejpava; subs—Hansen, Barbour.

The Coleman band was in attendance. The gate was one of the smallest for the season, but judging by the thrush of rooters for the final period, the small attendance was largely due to the large percentage of Scotchmen living in our neighboring town.

The second game takes place tomorrow night on the Blairmore arena and promises to be a humdinger. The total of goals count in this series.

ALLAN CUP

AMATEUR PLAY-OFFS

Alberta Amateur Hockey Association has instructed the Crow League to declare a winner of their league in the senior section by February 23. Coleman, Tigers and Blairmore Elks are the only two senior teams properly affiliated to compete for the provincial championship. Arrangements have been completed for the play down. Home and home games will be played, total goals to count. First game was played Wednesday night at Coleman and the second will be played Friday night, February 19, at Blairmore. Walter Scott, of Blairmore, has been appointed referee for both games.

Mayor Bosenberry, of Pincher Creek, accompanied by Doc Gillespie, G. W. Wilton, Kelly, McLean, R. O. Allison and others are in town this week taking part in the local curling bonspiel.

I.O.D.E. ELECT OFFICERS

The regular meeting of the Crow's Nest Chapter, I.O.D.E., was held on Monday, February 8th, in the Greenhill hotel parlor. At this meeting the annual reports from the various officers and committees were submitted.

Following the reading of reports, the election of officers took place, the following being elected:

Regent—Mr. F. M. Pinkney (re-elected).

First Vice-Regent—Mrs. M. McKay.

Second Vice-Regent—Mrs. W. Howe.

Secretary—Mrs. W. A. Henderson (re-elected).

Treasurer—Mr. A. Smith (re-elected).

Educational Secretary—Mrs. S. G. Barnan.

Echo Secretary—Mrs. J. W. Gresham.

Standard Bearer—Mrs. Archer.

Convenor of Relief Committee—Mrs. L. Dutil.

At the close of the business meeting, a social hour was spent, with vocal selections given by Mrs. Kerr and Mrs. Bannan.

TODD CREEK RANCHER DIES

An aged farmer, named Lawrence Maltby, was found dead in his shack up the Todd Creek valley on Saturday evening last. A neighbor passing by the shack happened to notice a light burning, and calling in found the old man lying dead.

Dr. Olivier was called from Blairmore and, accompanied by Constable Mudenah, of the A.P.F., visited the scene. Upon examination it was found that death resulted from heart failure.

Deceased has a brother residing in the Claresholm district. Maltby was about fifty-five years of age and had a wife.

D. A. Howe is attending the I.O.O.F. grand lodge sessions, which are being held in Calgary this week, as representative from Blairmore Lodge No. 68.

COUNCIL SUPPORTS THE DISTRICT MUSICAL FESTIVAL

The Blairmore town council has gone on record as favorably to the annual district musical festival and in a most tangible way on Monday night supported same to the extent of \$100. The council were unanimous in their effort to support what they considered an institution of more than ordinary benefit to the district, particularly to this community, where this year's festival is to be staged.

The following letter was received from the committee:

"Blairmore, Alberta, January 28, 1926.

"We take pleasure in mentioning that the second annual Crow's Nest Sunday School Musical Festival will be held in Blairmore on April 8th and 9th, 1926.

Last year there were some 125 persons took part in the festival, which included the district from Coleman to Pincher Creek. This year the district has been extended from Macleod, Alberta, to Natal, B.C., inclusive. It is thus expected that some 150 competitors will enter the 1926 festival and we are confronted with a difficult task of raising sufficient funds to purchase some 80 prizes and defray the expenses of the festival.

"To raise funds to purchase and defray expenses of paying and bringing adjudicators from Edmonton and Calgary, respectively, we will require in the neighborhood of \$600.

"We hereby appeal to you for financial assistance in this musical and educational matter and would greatly appreciate any amount that you feel disposed to donate."

Motion by Patterson-Gillis, that \$100 be granted to the Musical Festival was unanimously carried.

The meeting Monday night was called to order at 8 p.m., after Messrs. Evan Morgan, J. E. Gillis and A. E. Ferguson subscribed to the declaration of office, as required by the Town's Act.

There were present: Councillors R. Hays, Evan Morgan, J. E. Gillis, W. Patterson, M. Sartoris and A. E. Ferguson.

Sartoris-Ferguson: That Councillor R. Hays be appointed deputy-mayor for the next three months. Carried. Deputy-Mayor Hays took the chair. Gillis-Patterson: That the standing committee as named by the deputy-mayor be approved as follows:

Finance—J. E. Gillis, A. E. Ferguson, R. Hays.

Electric Light—W. Patterson, Evan Morgan, M. Sartoris.

License and Police—R. Hays, W. Patterson, J. E. Gillis.

Waterworks and Fire—A. E. Ferguson, M. Sartoris, W. Patterson.

Health and Relief—M. Sartoris, J. E. Gillis, Evan Morgan.

Works and Property—Evan Morgan, R. Hays, A. E. Ferguson.

First named in each case to be chairman of committee.

The minutes of last regular meeting were approved as read, and the following accounts were passed for payment, subject to approval by committee: A. J. Kelly (services as returning officer), \$10.00, P. Moutabetti (services as poll clerk), \$7.00, C. Byers (services as constable), \$5.00, Blairmore Hardware Company, \$3.35, Frank Amatto \$4.00, W. Ayres \$1.50, L. Denatop, \$12.00, P. Colombo \$1.00, West Canadian Collieries, Limited, (electric reading for the month of January) \$508.25.

Ferguson-Sartoris: That the secretary call for applications for the position of town collector for a period of one year. Carried, with Councillor Morgan dissenting.

Gillis-Morgan: That the returning officer appointed at the last regular meeting of the council to hold an election for the office of Mayor of the Town of Blairmore, made vacant by the resignation of Mr. A. McLeod,

be and he is hereby instructed to call for nominations and that nominations pursuant to the Town's Act be called for on Tuesday, February 23rd, 1926, between 10 o'clock and 11 a.m. and 12 o'clock noon at the town office. Carried.

Gillis-Ferguson: That a place in the basement of the Town Hall be fixed up, in which to keep tools belonging to the town waterworks department, and that the Chief of Police be placed in charge of said tools and supervising any repair work done on the water line within the town and make report to the chairman (or council) of that department at the first meeting in each month. Carried.

Sartoris-Ferguson: That the Chief of Police be required to take an inventory of all tools, machines and other chattels, the property of the town, except fire apparatus, and to report to the chairman of the works and property committee at least once in each month as to any such tools, machines or chattels being missing.

Considerable discussion followed over the question of a fire hall, and in all probability some definite action towards securing more suitable quarters will shortly be taken.

The Financial Post remarks: "Ontario suffers from a coal famine, and Nova Scotia miners are said to be starving because there is no market for the coal they mine. It should surely not be impossible to improve such a condition."

BIG CARNIVAL AT BELLEVUE NEXT WEEK

The Bellevue Arena will stage their second grand annual carnival on Tuesday and Wednesday of next week, when two wonderful nights of real entertainment are promised.

Prizes will be awarded for the best dressed lady and sent, the most original and best comic, and the best dressed boy and girl.

A special feature will be a grand draw for a \$175 radio set.

On the opening night, an exhibition game of hockey will be played by Coleman and Blairmore's Allan cup teams, commencing at 7.30.

There will be skating races, shot competitions, moccasin races, obstacle and tandem races.

Blanket and ham stalls and refreshment booths will be operated. For real excitement you want to take in this carnival.

Mrs. C. J. Bundy, of Cowley, and Mrs. A. M. Denmore, of Lundbreck, were in town on Wednesday.

A few weeks ago it cost the city of Halifax and the railways with terminals there upwards of \$9000 to clear away the snow for traffic. In many instances snow was found to a depth of eight feet. At the same time in Sonny Alberta we were basking in warm sunshine while golfists were enjoying more than the once-over on the courses.

WORLD HAPPENINGS
BRIEFLY TOLD

Congressman Romaine, only daughter of Birmingham, the iron chancellor, died at Kiel, Germany, aged 75.

The funeral of the late Countess Kato, former premier, who died in Tokio, took place with Buddhist rites. The body was cremated.

Those who ride in taxicabs or horse cabs and refuse to pay their fares face jail sentences under the provisions of a bill adopted by the French Chamber of Deputies.

King Boris, of Bulgaria, in celebration of his thirty-first birthday, commuted the death penalty against ten persons accused of plotting against the state.

A delicious fruit, hitherto unknown to the civilized world, has been discovered in the Tres Marias Islands, off the west coast of Mexico. The fruit somewhat resembles the ordinary olive in size and color.

By royal decree there are to be Sunday pacifists throughout Spain at which city officials must extend to adults of both sexes the principles of citizenship, public health and other matters.

Creation of a royal Indian navy as a combatant force and reconstruction of the Indian mercantile marine were announced by the viceroy, Lord Reading, to the council of state at Delhi.

Princess Anastasia Volkonskaya, who, after the loss of her life in the Bolshevik revolution, turned to fortune telling for a living, has been sentenced to three years imprisonment for exploiting the prejudices and superstitions of the Red army soldiers.

The 32 visiting Canadian curlers were received by the Prince of Wales at York House, St. James' Palace. The Prince is president of the Royal Canadian Curling Club, Scotland, and the visitors represent the Canadian branch of the club.

The material value of a glimpse of the sun in London was \$150. A group of Londoners, tired of the gloomy weather, went to the Croydon Aerodrome. A meteorologist expressed the opinion that the cloud bank was not more than a mile deep. They rented an aeroplane and sunshine, in unmitigated brilliancy, was found at 6,000 feet.

Members of the Indian Legislature have formed a branch of the Empire Parliamentary Association, comprised of members of the British House of Commons. A provisional committee has been appointed to draft rules and regulations. The British Parliament is to be asked to grant loans of about \$50,000,000 for the transportation to England of cotton from Africa.

Square Chin Is Disappearing

Scientist Says Teeth Decreasing in Number and Chin Will Recede

A distinguished scientist informs us that, among the changes continuously going on in the structure of man are those affecting the teeth, which are decreasing in number. The third molar, he declares, is doomed, and other teeth may follow it until the normal state of man is toothless.

What happens the square chin will no longer be a sign of strength of character. For, as the teeth disappear or recede, the chin will recede also.

No Longer National Symbol

Apple Pie Loses Crown to Coconut Pie in Recent Contest

The great American apple pie is no longer a national symbol. If a recent pie contest held in Washington Valley, N.J., is a criterion. With a judge, lawyer, merchant, millionaire and policeman acting as judges, the housewives of the district presented every known pie for judgment, and when the awards were announced, not one prize had been given to the maker of an apple pie. First prize went to the creator of a creamy coconut pie.

New Cause for Ex-Kaiser Hate

A book about the ex-Kaiser, by Emil Ludwig, just published in Germany, finds a new cause for the War Lord's hatred of Britain. As is generally known, the ex-Kaiser has been afflicted from birth with paralysis of the left arm. This, according to the book, he attributed to the fact that at his birth his mother was under the care of a British physician. For this deformity he never forgave either his mother or the physician whom she brought over from London to attend her. —Glasgow Herald.

James: "A burglar got into my house about two a.m., when I was away from the club."

Smith: "Did he get anything?"

James: "He sure did. The poor beggar is in the hospital. My wife thought it was me."

Conditioned Offense Of Turks

British Government Overlooked in Frequent of Rules Regarding Question

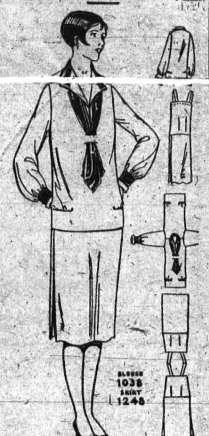

Although the Turkish Government attempted to influence public opinion in this country, with the aid of a section of the British press, in respect of the question of Mosul, the British Government has condoned that infringement of the rules of international comity, and expressed its willingness to give every consideration to the requirements of the Turkish Government. That government cannot hope to receive a similar offer from any other nation, for no other nation can command the requisite resources, with the exception of the United States. Great Britain, however, in her deal with Turkey, can rely upon the support of both France and Italy, and the worth of the friendship of the three most powerful nations in Europe is hardly to be despised. —London Morning Post.

Women Taking Up
Electrical Engineering

English Girl Has Been Apprenticed to Electric Supply House

That the development of electricity in England is providing many women with careers is revealed by the story of the Women's Engineering Society, of George Street, Hanover Square, West. "The society has a membership of 200, and was formed six years ago," Miss Haislett, the secretary said. "It endeavors to place trained women in the engineering profession. One of our members, Miss Margaret Parnidge, is engaged in installing electric light in the village of Hampton, Devonshire, and the first girl ever apprenticed to an electric supply undertaking, Miss Kathleen Barker, aged 19 years, a Londoner, took up her duties at Bampton on January 1.

ECLIPSE FASHIONS
Exclusive Patterns
by Hazel Perry

Paris Sanctions Straight Lines in Jumper Costumes

Made two-piece fashion this jumper costume is smart for sports or business wear, with its convertible collar and, of course, long sleeves. The long tie made of material to match the collar and cuffs—passing through a slot seam contributes a smart note. The skirt is joined to a body flange, and the straight line at each side seam affords the fashionable flare. The blouse No. 1248, is in sizes 34, 36, 38 and 40 inches bust. Size 36 requires 34 yards of 36 or 40-inch material. The skirt No. 1248, is in sizes 34, 36, 38, 40, 42 and 44 inches bust. Size 36 requires 14 yards 36 or 40-inch material, with 3/4 yard lining for bodice top. Price 30 cents each pattern.

Every woman's desire is to achieve that smart, different appearance which draws favorable comment from the observing public. The designs illustrated in our new Paris Book are based on the latest in the heart of the style centers and will help you to acquire that much desired air of individuality. Price of the book 10 cents the copy.

ON THE AIR

What Is Doing in the World of Radio

If he listens through one programme instead of jumping from station to station, he has had the net at least four times.

Request: numbers on the radio would be all right if it were possible to get any action by requesting them to stop.

With all the popularity that radio has received in this country and in Great Britain, South Africa and Australia won't have it. Broadcasting has been attempted in those countries, but given up for lack of public interest.

It has been held that broadcasting station operators cannot possibly interfere with distress signals and for that reason they are not required to keep silent in the future when an SOS call is heard. For this reason station operators will not be required to know code in the future.

Edward Bell, noted French inventor, who is working on the installation of a telegraphic device, predicts that within several months radio fans may attach film screens to their receiving sets on which will appear the likeness of the artists to whom they are listening.

American radio listeners will be afforded their first opportunity this month to obtain vocal radio fans may attach film screens to their receiving sets on which will appear the likeness of the artists to whom they are listening.

A good way to clean a crystal will be to use a sensitive piece of tissue in a small bottle containing ether. The ether will dissolve the crystal, after which remove the crystal with a pair of tweezers. The crystal should be used in its normal position.

Sir Eric Drummond, secretary of the League of Nations, intends to submit plans to the league for the erection at Geneva of a million dollar broadcasting station which will be the most powerful in the world, according to Sir Palmer, American representative in Chicago of the recent broadcasting tests.

Cologne's celebration of the departure of the British occupying forces was brought to London by radio. Listeners in heard the people of Cologne cheering wildly over their liberation from the British occupation.

The booming of the great guns of the cathedral, the head burgo-master's speech followed by rounds of "hoch" and the singing many times of "Deutschland über Alles."

Plan Route Through Canada

Many Tired of Trip From London to India Via Suez Canal

Canada is likely to become an integral part of a great highway from Britain to India. Plans are being made by the Canadian Pacific which will complete, make it possible to go from London to Calcutta by way of the Atlantic and thence across Canada and then by ship direct from the Pacific coast to India. The problem is to find a fare that will be economical enough, and one that will compete with existing routes, for although the voyage takes eight days longer than the present voyage to India by way of the Suez, which averages nineteen days, it is thought that many travelers who are tired of the old route and weary of its monotony would welcome an opportunity of seeing Canada, and crossing the Pacific.

Many Englishmen regularly return to England every three years and then go back to India. Hitherto they have been forced to use the Suez Canal route, but if the present plans of the transportation company materialize, they will be able to make the round trip. One of the problems of the company is the question of how native travelers will be treated in Canada while in transit, but it is not thought that any real difficulty will be experienced.

Lumber in Northern Alberta

An estimate of 13,000,000 feet B.M. has been made of this lumber cut during 1924 by five companies located on the Edmonton, Dmervan and British Columbia Railway. There are a number of smaller operators who have failed to send in reports of their estimated cuts for the present season, but the total cut of the territory served by this line is expected to run well over the 20,000,000 feet mark.

Two of the greatest inventions of modern times, the telephone and typewriter, made their first appearance at the centennial exposition in Philadelphia in 1876.

"What college does your boy attend?"

"Well, his towels are marked Pullman, Santa Fe and Ritz, so I really don't know."

SUNDAY SCHOOL LESSON

THE DEAD

Golden Text: I am the resurrection, and the life: he that believeth in Me, though he die, yet shall he live. John 11:25.

Lesson: John 11:1 to 11:11.

Devotional Reading: 1 Cor. 15:50-53.

Explanations and Comments

The Sisters at Bethany Send For Jesus verses 13.—What John tells us in regard to the friendship of Jesus for the little family at Bethany, Lazarus and Martha and Mary, gives us a beautiful insight into his tender and loving heart. What beautiful trust lies in the few words which the sisters sent to Jesus when their brother lay ill.—"He whom thou lovest is sick!" How can we remain long in such anxiety when we have such a Friend as thou art? They seem to say, "Thou dost not send word that He must come at once? They make no claim upon Him. They simply lay the matter in His hands. That is fine!"

They asked Jesus to come and change things that needed changing. I can think of no nobler definition of Master—which was the kindest thing I can think of anybody can do, anywhere, at any time, under any circumstances. Prayer is not saying words; it is asking and expecting that the Master will come and change things, and that He will begin in you. (Dr. S. D. Gordon).

Swiss Navy Not A Joke

Won Battle Against French Poachers

The Swiss navy is not only a people, it is a joke. It has fought and won a desperate battle against poachers on the Lake of Geneva. The action arose out of a frontier incident on the lake dividing the waters on the lake between France and Switzerland. A French fishing boat from Thonon-les-Bains was fishing at the time it had laid down to capture the delicate lake trout, when it was pounced upon by a fast Swiss motorboat, a motorboat, whose role is to prevent poaching in the Swiss waters, and casting grappling iron aboard the French craft, it proceeded to board it, revolver in hand.

The Frenchmen were outnumbered and unarmed, but they could oars and gaffs and related desperately until they were overpowered. The Swiss warship finally towed the French boat to the shore, where the two members of the crew of the French vessel were lodged in jail.

Beggars Complain Of Competition

Business in Chicago Ruined By Mendicants From Other Cities

A young sociologist from the University of Chicago, has discovered that the street beggars in that city "make" from five to twenty dollars a day. At the same time veteran mendicants say that they used to receive twice as much and complain that the competition of beggars, who have come in from other cities is "ruining" what they call their "profession." These figures show how warm-hearted and charitable the average American is. It is a pity that so much of his money should fall into the hands of those who are willing to live by shameless mendacity.—Youth's Companion.

Finished Long Task

Sir Davidson Dalziel Writes His Name 250,000 Times

Sir Davidson Dalziel, M.P., has just finished the task of signing his name in full more than 250,000 times in less than three months. This work has been imposed upon him through the conversion of the 250-franc shares of the International Sleeping Car Company (the Wagons-Lits) into 100-franc shares. No fewer than 1,125,000 new share certificates had to be signed by two directors each, and 250,000 full of Sir Davidson's share. He is 71 years of age.

Make Turks Talk Turkish

A bill to make the Turkish National Assembly makes it a misdemeanor punishable by a fine of \$10, for a Turkish subject to speak any other than the Turkish language, except when absolutely necessary. If the law is raised, all new subjects, including the Hodjes and Musulmans, which in Greek call their faithful to prayer in Turkish, will be compelled to learn Turkish.

Telephone in Canada

In 1921 there were only 300,000 telephones in Canada. By 1924 there were 500,000 phones, and at the end of 1924 there were 1,072,450 telephones in the Dominion. The increase in the number using telephone runs next to the growth of the automobile.

It's a mean bachelor who advises a girl to marry and then falls in love.

Creameries Show Profit

Saskatchewan Co-operative Creameries Report Gain on 1925 Operations

Making a profit for the first time in five years, the Saskatchewan Co-operative Creameries closed 1925 with a balance on the right side of \$17,287 compared with a net loss of \$40,000 in 1924; it was reported at the annual meeting at Regina.

A resolution was passed expressing dissatisfaction with the Australian dairy treaty, its directors in their report having stated the company would be represented in a delegation from Western Canada to wait upon the Federal Government in this connection with "the impending peril to the dairy industry of Western Canada."

Another resolution passed expressed appreciation of the work of the president, management and staff in bringing about the improvement in the company's finances. Out of the 1925 profit \$15,727 was applied to reduce the accumulated deficit of \$146,178. The directors' report stated the day was not far distant when the company would again be in a position to pay dividends.

Dairy production had been increased to nearly 2,000,000 pounds, while the sale of ice cream had also increased, and increased revenue from cold storage plants was reported. Satisfactory results attended the expansion of feeding hogs at Tarrytown and Kolthier, while cheese making had been carried on successfully at the Regina plant.

The directors said they had given thought to the legitimate expansion of their system, not necessarily in the immediate future, in order to develop a comprehensive plan which may bear close relationship to the development of trade routes which will inevitably occur during the next few years. With the early completion of the Hudson Bay Railway a new trade route will be created which, like a magnet, will draw branch railways towards it. Both railway companies will extend lines to meet these conditions, thus creating for the company strategic points for carrying on successful operations. The proximity of European markets will be a great factor in determining our policy in this regard."

An Efficient Officer

The London consist of a continental kingdom was informed by his government that one of his countrymen, supposed to be living in Great Britain, had been left a large fortune. After advertising without result, he applied to the police and a smart young detective was set to work. A few weeks later his chief asked how he was getting on.

"I've found the lady, sir."

"Good. Where is she?"

"At home. I married her yesterday. —Everybody's."

A word to the wise may be sufficient to get the speaker into trouble.

Baldwin's Conquest

Of Great Britain

Has Swept All the Scholars and Lovers of Literature into His Charmed Circle

Mr. Baldwin's slow, steady, insatiable conquest of the hearts of the British people is one of the most notable things in recent political history. We may fancy that he has gone to sleep, and that we can very properly follow his example, but when we wake up we find that a whole new province in our social "lay-out" has been invaded, and that our persistent private minister is already in full possession. Only a year ago Mr. Baldwin seemed essentially the plain man's "pet proposition." He appeared as one whose ideal was to lean over a gate with a birch pipe in his mouth and contemplate his pipe, while they returned a gaze, with transports of mutual admiration.

And now Mr. Baldwin has reached out his hand and swept all the scholars and lovers of literature into his charmed circle. His address to the Classical Association on Friday, January 8th, suddenly made the nation recognize that Mr. Baldwin, fellow Carteret and Fox, and Canning and Gladstone, is a devoted and well-equipped student of Greek and Latin literature. But Mr. Baldwin has done more than that. His address was not merely a "jolly" in the classical age. It was a piece of fascinating as well as sound reflection on a great theme. It was as distinguished in style as presentation as it was sincere in spirit. Besides, there was a zest in his speech which thrills his readers as much as it obviously thrilled his hearers.—From the Spectator.

On-to-the-Bay Movement

Winthrop.—The movement for the immediate completion of the Hudson Bay Railway is rapidly growing and gathering force. It was reported at the annual convention of the On-to-the-Bay Association, when it was announced that the number of signatures to the petition drawn up for presentation to the Federal Government was now 167,000, 17,000 names having been added recently.

Love is seldom confined until the evidence reaches the stage where making a confession is merely a matter of form.

Must Hold Command Of Seas
Great Britain Had To Protect Trade In Order To Feed Her Population
It is still necessary for Great Britain to hold command of the seas in order to feed her population, W. C. Bridgman, first lord of the admiralty, declared in addressing the members of the Constitution Club at London.
The decisions of the Washington conference in regard to the disposition of the world's principal navies have been faithfully observed by England and the other countries involved, he said, but England is not in exactly the same position as other countries. She is no longer an island power, Mr. Bridgman continued, and she must protect her enormous expanse of empire, trade on which she depends for her very existence.

How He Discovered Best Constipation Relief

Mr. Joseph P. Glen of Brooklyn, N. Y., writes "In the past 20 years I have been constantly troubled with constipation. Every remedy I tried would work O.K. for a while—but soon failed. The only remedy I have been able to use with good results have been Carter's Little Liver Pills. I don't guess when I take them—I know I'm going to feel relieved." 25c at all druggists.

shivered in his agony. To this man he betrayed his weakness. In his bloodshot eyes there was a hungry look as he watched Carvel—the self-confessed outlaw, And Jim Carvel again held out his hand—much nearer this time.

"You poor devil," he said, the smile going out of his face. "You poor devil!"

The words were like a caress to Barrow—the first he had known since the loss of Nepease and Pierrot. He dropped his head until his jaw lay flat in the snow. Carvel could see the blood dripping slowly from it.

"You poor devil!" he repeated. There was no fear in the way he put forth his hand. It was the confidence of a great sincerity and a great compassion. It touched Barrow's head and patted it in a brotherly fashion, and then—suddenly and with a bit more caution—it went to the trap fastened to Barrow's forehead.

In his halcyon brain Barrow was fighting to understand things, and the truth came finally when he felt the cold jaws of the trap open and he drew forth his maimed foot. He did then what he had done to no other creature but Nepease. Just once his foot touched snow and he looked at Carvel's hand. The man laughed. With his powerful hands he opened the other traps, and Barrow was free.

For a few moments he lay without moving, his eyes fixed on the snow. Carvel had seated himself on the now-coveted end of a birch log and was filling his pipe. Barrow watched him light it, he noted with new interest the first purplish cloud of smoke that left Carvel's mouth. This man was not more than the length of two trap chains away—and he grinned at Barrow.

"Screw up your nerve, old chap," he encouraged. "No bones broken, just a little stiff. Maybe you'd better get out."

He turned his face in the direction of the trap. The suspicion was in his mind that Carvel might turn back. Perhaps that same suspicion was inspired upon Barrow, for when Carvel looked at him again he was on his feet, staggering a bit as he gained his equilibrium. In another moment the outlaw had swung the pack-sack from his shoulders and was opening it. He thrust in his hand and drew out a chunk of raw red meat.

"Killed it this morning," he explained to Barrow. "Yearling bull, tender as butter—and that's as fine a sweat-bread as ever came out from under a backbone. Try it!"

He tossed the flesh to Barrow. There was no equivocation in the manner of its acceptance. Barrow was famished—and the meat was hung to him by a friend. He buried his teeth in it. His jaws crunched it. Now he leaped into his blood as he feasted, but not for an instant did his red-

RED PIMPLES ALL OVER FACE

Also on Shoulders, Lost a Lot of Sleep, Cuticura Healed.

"Pimples started breaking out all over my face and shoulders. They were hard and red and I lost a lot of sleep on account of the irritation. The pimples on my face scaled over and my face was all disfigured."

"I used a lot of different remedies without success. I began using Cuticura Soap and Ointment and they did relief in about one month. I continued the treatment and in about three months I was completely healed." (Signed) Miss Marie Rose Peters, Box 31, Toronto, OPENING OF ALBERTA LEGISLATURE

(By John MacKenzie)

Possibly because this is the twenty-first anniversary of the birth of the Alberta legislature, more possibly because a new Lieutenant-Governor is on the job, the opening of the 1926 session of the legislative assembly of Alberta, at Edmonton, on Thursday, February 11th, was invested with something more than the usual display of pomp and circumstance. His Honour's retinue, preceding him in his passage through the marble halls which represent a considerable fraction of our bonded debt, wore the gorgeous uniforms of peace-time, contrasting strongly with the drab khaki of the guard of honor and the band. Spectators thronged the galleries and corridors to witness the spectacle. The day's proceedings were brief. Lieut-Governor Egbert, following his entry, read the speech from the throne in a strong, clear voice.

The only unexpected happening of the day was provided by J. M. Deane, Liberal member for Beaver River, who, after explaining that he was not speaking for the Opposition in this matter but for himself, protested against the house going ahead with business without its full complement of members. Six constituencies were without representation.

Premier J. E. Brownlee, who had previously moved that the speech of the Lieutenant-Governor be taken into consideration on Friday, said he did not propose to take the time of the house to debate this matter on the opening day. He would be surprised if many members of the house held the same opinions on this matter as the member from Beaver River. The situation had been very carefully considered by the Government. They had gathered the opinions of all sections of the people of the province before making the decision to proceed. If the honorable member wished he would be afforded lots of time to move a vote of censure on the Government. The Government were convinced that the people of the province did not want to have business upset and the province put to the expense of bye-elections for the short period prior to dissolution.

The motion was then carried.

Commencing with a reference to the demise of Queen Alexandra, the speech proceeded to note the gratifying improvement in the agricultural industry of the province. Development in oil resources is also noted with pleasure. The output of coal is increasing, notwithstanding unsettled conditions in some areas. The Government has made efforts to provide work and relief for winter unemployment. The legislature will be asked to determine the use to be made of Alberta's share of the 1919 wheat board surplus.

Reports from the manager of the Lethbridge Northern Irrigation project and from the Farm Loan Advisory Board will be placed before the house.

Representations will continue to be made for equalized freight rates and removal of discriminations.

The agreement between the Dominion and Provincial Governments re provincial control of natural resources will be submitted for ratification, and legislation will also be introduced to make provision for the administration of these resources.

A number of other proposed items, such as railways, school grants, factories' act revisions hospital con-

struction, highways, further economies in administration, redistribution, etc., are promised consideration.

The address from the throne involves a large amount of legislation, but it is hoped to get through in eight weeks' time, if not less.

The Opposition is reduced by six as compared with last session, owing to the ambitions of representatives of the constituencies of Calgary, Claresholm, Edmonton, Edison, Leduc, and Athabridge for federal honors, which some of them have not attained.

Ex-Premier H. H. Gaultfield occupied a seat in the house for the opening in the right and rear of the treasury bench.

It is stated that the redistribution committee, when they report, will not recommend any drastic cut in the number of members. While on a population basis the argument for a cut is logical, yet owing to the huge area over which the population is spread it is difficult to cut numbers and yet ensure proper representation.

Four political elements are now represented in the house, U.E.A., Liberals, Labor and Independent. The late Conservative, General Stewart, resigned last October to make an unsuccessful fight for a federal seat. The reply to the address was moved on Friday by E. E. Sparks, representing Wetaskiwin, and seconded by E. T. Cook, Picher Creek.

Rumour has it that on account of the rapprochement attempts at Ottawa between Liberals and Progressives, the opposition to the provincial government in this session will not be of a strenuous nature, but time will tell.

Mr. Dutil, in a letter to the Lethbridge Herald, published on Friday last, states that "Money appears to have been spent freely by the opposing forces." To the average onlooker, there was no more sign of money being spent for the opposing forces than by those supporting the candidates for re-election, and Mr. Dutil should know that if evidence could be produced that money was being used in the campaign the election could have been upset. We might also state that the "oppositus forces" lived in the law—they did not tolerate cars assisting them that were not provided with 1926 licenses and plates. It may be that some local authority had granted special permission to these car owners to take their cars out on hat date, provided they display cards, worded: "License Applied For." We question the right of any local authority to grant such a privilege, in view of the fact that a man today would be pulled if he attempted to move his car from his own garage to a repair garage for the purpose of having repairs effected. "The Opposition" did not stoop to ask anyone to assist them who was not in possession of license and plates as required by law. Mr. Dutil next states that the local paper was also on the board-opposition's side. While our sympathies may have been with the "opposition," still we never did use our influence in any form in connection with the recent election, beyond suggesting that the retiring Councilors, Gillis, Montalbetti and Ferguson, be re-elected, to give them an opportunity of finishing up the investigation into affairs they had so successfully undertaken. As far as using influence in connection with a vote is concerned, our idea is that a ratepayer of full age and otherwise qualified who has not sufficient intelligence to know how to exercise his franchise, better far he or she were not permitted to vote.

H. M. Shaw tells The News that the winter of 1897 was very much like this. The fall of '96 was worse than last fall, but it cleared up the first week of December and continued warm until February 28th, when there was a heavy snow, followed by the worst March he has ever seen in this country. Mr. Shaw is not predicting what March will be like this spring, but is only telling what he was like twenty-nine years ago. Nanton News.

BORROWING TROUBLE

NEEDLESSLY

It may be somewhat difficult to convince apprehensive persons that it is vain to borrow trouble at all, but it should not be a hard task to show to anyone the utter folly of attempting to borrow trouble when there is not enough of that disagreeable commodity to supply the demand. In recent months, and indeed for some years, the people of the United States have viewed with misgivings the possible early exhausting of the visible supply of anthracite. It has not been at all difficult, when the task was undertaken, to conjure up a possible future condition where there would actually be none of that fuel obtainable at any price. So just as one hears then the grocer announces that potatoes or apples are scarce, and there are that their cost must be higher than usual, or when someone else says coal is scarce and that therefore there naturally is great rivalry as to who shall be permitted to mine it and transport it to bin or cellar and consequently there must be a premium placed on what remains, the ancient bystander, in the role of the ultimate consumer, unquestionably accepts the conclusion as justified and allows himself to be made unhappy.

Now, after this more or less well-submitted to a supposition, state of condition, comes the report of the Pennsylvania geological survey of the department of forests and waters, announcing that there is sufficient anthracite in the State to supply the ordinary demand for a period of 100 years. This estimate is based upon present normal demands and the increasing demands which is possible, calculated upon the percentages of recovery under methods now employed. It is shown that there is the astounding total of 16,354,676,000 tons of coal remaining in the field of the State, and that of this approximately 9,000,000,000 are recoverable. A comparison of these figures with those formerly based upon the estimated original tonnage of the anthracite field shows that less than one fourth of the original deposits have been removed.

Less than a century ago, as is well known, it had not been discovered that anthracite could be utilized as fuel. Perhaps before another hundred years have passed it will have been found that all necessary heat and power can be generated more cheaply by other means than by the consumption of coal or even oil. Just as coal, both anthracite and bituminous, has almost completely displaced the use of wood as a fuel, so within the next half century or less it may be found that the turbine turned by water power now allowed to go to waste will displace coal, as well as its oils and gases.

There is an economic proposition involved in all this. With the fact established that there is coal enough for all present and immediate future needs, the people have a right to feel that they are entitled to its use at a fair and reasonable price. And there is another point to be considered. Those who are somewhat selfishly holding on to this natural product of the earth may find it to their advantage to make it available while there is still a demand and a market for it. It may not have been supposed that coal is a perishable crop. But there is nothing more certain than that the American people will not forever permit themselves to be imposed upon and inconvenienced by the monopolistic practices, either of capitalist proprietors or entrenched organizations of workmen—Christian Science Monitor.

A very successful Valentine tea and candy sale was held by the C.G.I.T. girls on Saturday last, in the premises formerly occupied by the Star Bakery. The tea room was nicely decorated with hearts, etc., for the occasion. The C.G.I.T. take this opportunity to thank all those that helped to make this affair a great success.

TRAIN SERVICES UNHAPPY

TILL BOARD INVESTIGATES

An announcement has been made from the C.P.R. general offices that there will be no interference with the existing train service on any of the south lines at the present time. This will be welcome news as concern was universal over the probable situation, should the services be reduced to tri-weekly trains. Orders to annul the previously announced schedule, fixed to go into effect February 15th, have been received.

The service on the Crow line east will stand, also, pending a decision by the board of railway commissioners.

In connection with the proposed reductions on the Cardston and Coutts lines, it is learned that Inspector J. W. Reid, of the railway trade commission staff, Calgary, will make an investigation on this week, meeting town councils, boards of trade and other bodies in an effort to learn the facts bearing on the situation.

BRITISH COLUMBIA HAS AN EXCEPTIONALLY MILD WINTER

The present winter in central British Columbia, and, in fact throughout the province, has been remarkably mild. Fresh raspberries and strawberries were enjoyed at Christmas time and flowers have been blooming since the middle of December.

A letter just received by the Colonization and Agricultural department of the Canadian National Railway from a correspondent at Terrace, a young orcharding settlement on the Skeena river, gives the following interesting weather news: "We have had a very mild winter here. There has been no sleighing and the Skeena is running open, no ice having formed so far. Bees and bears have been out for a month, and wild geese are here again, having a feast in the lower alfalfa fields and on what remains of last season's gardens. There has been no frost in the ground and some people are spading up their gardens. Since the middle of December garden flowers have been blooming all along the Skeena from Prince Rupert to Hazelton. In the interests of the timber interests, everyone is hoping for colder weather and snow."

GOLF NEAREST WE HAVE TO WORLD TONGUE

Why seek any further for universal language when we have golf?

In Southern California, this winter, while the orange moon beams afire on the expert and the duf, you are apt to find a banker, a pugilist, a writer, a baseball player, a clergyman, a promoter, a lawyer, an actor and a doctor, all engaged in earnestly telling each other just why each didn't make a better score.

In order to join the circle you must be able to talk golf, but it is not necessary to understand it. No golfer ever really listens to what another golfer has to say.

5000 FACTS ABOUT CANADA

The public will welcome the new edition of "5000 Facts About Canada," compiled by Frank Yeigh, the well known Canadian author and lecturer. This excellent compilation tells the story of Canada in a most convincing and instructive way, revealing its wealth, resources and prospects in a striking manner under fifty chapter headings, from "Agriculture" to "Yukon." The new issue has an added feature in an excellent map of Canada, together with much new matter. We can imagine no better advertisement of the Dominion than this tabloid cyclopaedia, which is becoming increasingly popular. Copies may be had for 50c from the Canadian Facts Publishing Company, 588 Huron Street, Toronto, or from leading newsmen.

Said an old lady, on observing the shortness of her granddaughter's new skirt, "Mersey, child, aren't you afraid you'll get kneeama?"

At the annual session of the Alberta Rebekah Assembly at Calgary at Prince Albert with a majority of on Monday, Mrs. F. J. Hawkes, of at least 2400 over D. L. Burgess, in Calgary, was elected president.

PROVINCIAL BOXING CHAMPIONSHIPS

Official sanction from the Alberta branch of A.A.U. to hold the provincial boxing championship elimination contests in Lethbridge has just been received from Edmonton, and they will be staged in the gymnasium of the L.Y.P.C.A. on Thursday evening, March 4th.

Competitors will be divided into twenty-one classes, ranging from under 70 to over 175 pounds, and will include junior, novice and open categories, the former containing five classes and being restricted to those who have reached their eighteenth birthday.

A strong committee has been appointed to take charge of the arrangements composed of the following well known sportsmen: Judge Jackson, Chairman; Inspector Bavin, of the A.P.P.; Misses J. Lee, B. Metcalfe, G. McKillop, Syd. Wallis, Archie Bannister and F. S. Dyke, secretary.

The committee are decidedly of the opinion that there is no reason why the south should not produce provincial champions in several classes or even eventual winners of Dominion honors.

As an arrangement to possible entrants Messrs. Joe Lee and Ben Metcalfe, of the Lethbridge hotel, have made a very sporting offer to present medals to the winners of each class in the forthcoming eliminations and in addition to this their railway and hotel expenses will be paid to the scene of the finals, which will be held at the end of March either in Calgary or Edmonton.

It should be noted that all entrants must be in possession of current amateur cards by the day of the contest. Application forms for cards and entry blanks for the competitions can be obtained from Secretary F. S. Dyke, of the L.Y.P.C.A., Lethbridge, who will gladly furnish any further information on request.

There is no entry fee for the eliminations, but in the case of those over eighteen years of age a fee of fifty cents must accompany the application for amateur cards, which should be sent to Mr. C. B. Cheesman, vice-president, A.A.U., Cardston.

FILE 3615 CLAIMS

AGAINST HOME BANK

TORONTO, Feb. 17.—Out of 6518 claims, representing an aggregate of \$8,256,686, by depositors of over \$500 in the Home Bank of Canada 4615 claims have been filed with a representative value of \$6,336,527. The total number of claims that have been considered by the commissioners is 1,435, with a total value of \$2,014,432. Those claims approved will be paid out of the balance of \$2,000,000 remaining of the Dominion's grant of \$3,000,000. Approximately \$1,000,000 has been used for claims of less than \$500.

Down in Nova Scotia lumbermen have been compelled to cease lumbering operations owing to the great depth of snow. In the Crow's Nest Pass, operations have been suspended in some camps owing to the lack of snow.

Glorious Hair In 90 Days Or Money Back

Women who wish to stimulate the growth of their hair should use Van Der Lely's Scalp Lotion. A scientific blend of strong vegetable base gently follows the hair root and treatment time is only fifteen minutes. The medicine is directed to the roots of the hair. And the circulation of blood to feed the hair roots. Buy Van Der Lely's Scalp Lotion at all drug stores. Money back if it fails.

ALBERTA-B.C. HOCKEY FINAL

CALGARY, Feb. 14.—Allan cup hockey dates have been announced by Dr. P. E. Sandbrook, vice-president of the Canadian Amateur Hockey Association. The following draw is subject to minor changes according to Dr. Sandbrook:

1. British Columbia champions vs Alberta champions, March 8 and 10. Play not definitely decided.

2. Manitoba champions vs Saskatchewan champions, March 8 and 10 or 9 and 11, at Regina.

3. Winner of 1 and 2 play March 13 and 15, location undecided but probably Regina.

4. The winners of the above draw will then proceed east to meet the Thunder Bay champions, March 18 and 20, in semi-finals. The winners of four will then proceed east for the championship final, probably at Toronto.

The junior playoff series is not completed by the vice-president yet.

TEACHERS RESIGN FROM NEW GLASGOW H.S. STAFF

Four members of the New Glasgow high school teaching staff, Principal D. H. Hight, Misses Clara F. Murray, Kathleen Day and Margaret Sylvester, have resigned their positions because the New Glasgow school board refused to uphold them in expelling an 18-year-old boy, Robert Williams, for an impudent reply to his teacher, Miss Clara Murray. Miss Murray dismissed him from her classroom and refused to allow him to return. The principal supported her in this decision.

The boy appealed to the school board. The board ruled that he return to school and publicly apologize to Miss Murray for his actions. The teachers, however, would not accept this, as they wished the boy to be disciplined in some way, and as the board remained adamant in their stand the four previously named teachers resigned from the staff. The school board accepted their resignations.

OIL-ELECTRIC CAR FOR B.C. BRANCH LINE

Announcement is made of the operating schedule of the new Diesel oil-electric car on the Kamloops-Kelowna branch of the Canadian National Railways, on which passenger service began February 15. Train 354, southbound, will leave Kamloops daily, except Sunday, at 8:50 a.m., arriving at Kelowna at 2 p.m. Train 353, northbound, will leave Kelowna at 2:40 p.m., daily except Sunday, arriving at Kamloops at 7:23 p.m. This schedule is so arranged that passengers on the Continental Limited trains or for those trains from the south may make connection without delay. This is the second branch of the Canadian National Railways in western Canada to be equipped with the new oil-electric passenger car, one of which is being operated with great success on the Edmonton-Vermilion line in Alberta, while several of the system's shorter lines in the east are thus operated.

HILLAS IS MANDATED TO PERFORM CHARGE

William Hillas, of Coleman, appeared before Magistrate Stedman, of Macleod, on Monday afternoon, to answer the charge of committing perjury in the trial of a case recently heard under the Motor Vehicles Act, for which he was acquitted on December the 31st.

Mr. E. V. Robertson, of Robertson & Paul, Calgary, appeared for the defense, Mr. Joseph D. Matheson, K. C., of Macleod, for the Crown.

The evidence for the prosecution showed that Hillas had taken the stand on his own behalf at that trial and had stated that he never left the main road between Frank and Blairmore on the date in question and that he drove down the main street in Blairmore as far as Tenth Avenue, whereas a lady (?) who was in the car swore that he left the main street at Twelfth Avenue and drove up to the house where she was then living. It was alleged in the previous case by the Crown that he had been driving recklessly and failed to return to the scene of an accident where a car had been overturned into the ditch, and the suggestion in the evidence in the previous case was that it was the accused's car that had caused the other car to be overturned.

Upon cross-examination by Mr. Robertson it was found that the lady above mentioned travelled under various names or aliases: Mrs. Lombardi, Mrs. Knight and a Miss; also that on the night upon which the case is based she and others had been drinking. Such a character is submitting Crown evidence.

Bail was fixed in the sum of \$3000 and the same being put up, the accused was remanded for trial until the next sitting of the criminal gazettes at Macleod.

ALLAN CUP DRAW

CALGARY, Feb. 15.—The first Allan cup series will be settled in this province on March 8 and 10, with the Alberta champions pitted against the British Columbia titleholders, according to the official draw of the Alberta Amateur Hockey Association, which announces the dates for the playoff in this province. The senior schedule is out and it shows three sections competing with the Crow's Nest Pass, Edmonton and Calgary.

The following is the draw announced by E. D. Battin, association secretary:

Blairmore vs Coleman games to be played by February 23.

Edmonton senior league winner to be declared by February 23.

Winner of Blairmore-Coleman to play winner Edmonton by February 23.

Winner of above draw to play Canmore by March 5.

First Allan cup games, B.C. vs Alberta, to be played in Alberta March 8 and 10.

ALBERTA NOW AN EXPORTER

It is estimated that during the past year 60,000 cases of eggs and 5,000,000 pounds of poultry were exported from Alberta to eastern Canada and the British Isles. It was only a few years ago that Alberta was a fairly extensive importer of eggs and poultry, but active campaigns by the provincial government and other interested bodies have reversed this situation.

We understand that neighboring towns are subscribing liberally to the musical festival, even Pincher Creek coming within fifty dollars.

The members of Vimy Chapter, Order of Eastern Star, will hold a whist drive and social in the Lodge Hall on the night of Monday, March the 1st, commencing at 8 o'clock sharp.

Alfredo Herrera Nunez, holding lottery ticket No. 659, had it stolen from him two days before the drawing took place in Havana. The number came out as the capital prize, calling for \$100,000.

LOWLEY HAPPENINGS

Harold Lank has gone to Didsbury for a visit.

Jack O'Connell is at Banff at present, taking in the winter carnival.

H. D. McMillan has returned from Lethbridge, where he spent a few days.

Mrs. M. A. Murphy gave a party for the young folk of the district on Friday night.

Messrs. Lank, Tustian and Sandy Thompson are attending the L.O.O.F. grand lodge at Calgary.

Ed. Smyth, James Smyth, Arthur Wright, Silvia Sietoe and Colla Bu-Jack O'Connell is at Bang at present.

The Women's Institute held a special meeting on Tuesday night to make further arrangements for the masquerade dance which will be held here on March 17th.

The Ladies' Aid gave an entertainment in the Presbyterian church on Monday night. A very enjoyable evening was spent at games, recitations, violin solos, etc. At the close of the programme a dainty and delicious luncheon was served by the hostesses.

AMERICAN BANK NOTE COMPANY MAKE USE OF TELEPHOTOGRAPH

NEW YORK.—The American Bank Note Company is the latest of the large industrial organizations which have experienced the utility and helpfulness of the Bell Telephone System's invention of transmitting photographs by long distance telephone wires.

Daniel E. Woodhull, president of American Bank Note Company, says the telephone company's facilities for transmitting photographs proved a real friend in a time of need, and indicated still another field of service for this new invention.

"About the middle of January," Mr. Woodhull stated, "we received authority from a client in California to proceed with the preparation of a large quantity of stock certificates. The time allowance for delivering the certificates was rather short considering the work involved in getting corrected proofs, preparing the steel engravings, printing the actual certificates and making delivery."

"In this emergency we decided to try the American Telephone & Telegraph Company's new system by sending a telephotograph of the stock certificate model to our San Francisco office. It was sent immediately and the next day we received word from the client that the model was approved, and we started work immediately on the engravings."

"The prints of the telephotograph approved by our client were sent back for our inspection arriving in New York on January 25th. They were very clear. Work of printing the certificates is now in progress and all of us have nothing but commendation for the Bell System's latest achievement."

Demand

It was a typical negro revival service and the minister had just appealed to the pent-up audience "to hit the sidewalk trail."

One hump young debonair rose and cried: "Last night I was in the arms of the devil, but tonight I am in the arms of the Lord."

Voice from the rear—Is you gwine be occupied tomorrow night sister?

CARD OF THANKS

I beg to thank the ratepayers of the Town of Blairmore for the splendid support given me during the recent election and will assure them of my desire while in office as a councillor to serve them honestly and well.

EVAN MORGAN.

We are informed that a deputation of citizens has waited upon ex-Mayor McLeod, urging him to stand for reelection as mayor.

RED ROSE "is good COFFEE"

Start the Children Right

In this column last week some emphasis was laid on the importance and value of developing habits of thrift, and in the concluding paragraph parents were urged to encourage their children to start a savings account early in life, and even to provide the nucleus of such an account before the child was old enough to think and act for itself.

The writer's attention has since then been drawn to a report on The Penny Bank of Ontario, a system created for the purpose of encouraging thrift in the part of school children in that Province, and thereby teaching in a concrete way the wisdom and great value of thrift and the habit of saving.

The subject is surely important enough to warrant a further reference. It is the aim of The Penny Bank of Ontario to provide for every child at school an opportunity on a stated day of each week to put small coins in a safe place and to prove to him or her how quickly a series of small amounts builds into a comfortable balance. From the report, to which reference has been made, it is learned that Penny Bank accounts in the public schools of Toronto now number 45,325, while the average school attendance is about 58,000. In other words, 78 per cent of the children are taking advantage of the service offered.

Some rather interesting facts are disclosed through this Penny Bank scheme, and two questions asked, based on the weekly reports, are: "Are the children of well-to-do parents gaining a just notion of the value of money?" "Is there a tendency among them to regard copper, nickel and ten-cent pieces as more chicken-feed, as contemptible coins, as unworthy fractions of that noble unit, the Dollar?"

Analysing the deposits made in Toronto schools in a given week, it was found that in the poorer districts the services of the Penny Bank are appreciated and appreciated to a far greater extent than in the more well-to-do districts. In one school in the heart of the poorest district, 45 per cent of the children present on October 27 last made deposits. On that same day in one school in one of the richest districts only 13 per cent of the pupils were depositors, while at another school in a rich district the figure was 11 per cent. Throughout the eighty-eight public schools in Toronto the average of depositors on October 27 was 27 per cent of the pupils present.

It may be true, and probably is, that many of the children in the better residential districts have savings accounts in the chartered banks. If so, this boy or girl is not likely to make a journey to the bank to deposit 25 or even 50 cents. He or she is more likely to wait until a dollar or more is accumulated, and meanwhile the small coins gradually fritter away. As a writer in a Toronto paper points out, in commenting on this Penny Bank scheme, the training thus afforded is just as valuable for the child of a prosperous home as for the boy or girl of the poorest district. It may be even more valuable, since the son or daughter of the rich man is likely some time to have the handling of large sums of money. They cannot manage them efficiently unless they know the exact value of a nickel, unless they have learned the importance of small sums. It is the untrained children of the rich who blossom into wastrels.

Thrift is a habit, a character-forming habit. The boy or girl who deposits five cents every week without exception gets more benefit than another who deposits a dollar at infrequent and irregular intervals. In the business of life, pay-day comes only a week, or once a month. The man or woman who banks a stated amount, large or small, on each pay-day is on the road to success, and the boy or girl who makes this a habit early in life is almost certain to succeed.

Here in the West, the same principle is being applied in some schools by many individual families. The boy or girl is given a pig, a calf, a setting of eggs, for their very own, on the understanding that they look after them, and the increase and profits are theirs. In this way, the boys and girls not only develop a greater love for animals and learn invaluable lessons as to their proper care and feeding, but their interest in the farm home and agricultural pursuits generally is maintained and intensified. And if the profits from the handling of their own poultry or livestock are carefully placed in a savings account, or are used to add to their holdings, it will not be many years before these boys and girls accumulate a respectable bank account, which will prove a further incentive to careful management, and a training through actual experience which will prove of undoubted value to them throughout life.

Pain In The Muscles, Stiffness In Joints,

Quickly Subdued By Nerviline

Those who have tested out numerous liniments will agree that there is nothing so needed to "dislodge" a deep-seated, more or less chronic condition there is nothing to compare with Nerviline. It is because Nerviline penetrates so deeply, because it has about five times the strength of the ordinary oil preparation, it has come to be known as "King over all Pains." For Rheumatic conditions, muscular and joint stiffness, Nerviline works wonders. A trial course of this liniment, 25 cent bottle from your dealer today.

Alberta Honey Producers

The Alberta Government has about two hundred names on its list of beekeepers. These in 1925 were responsible for the production of about 115,000 pounds of honey.

In Accordance With Old Danish Tradition

Coffin of Queen Alexandra Still Exposed to View

That the coffin containing the remains of Queen Alexandra is lying uninterred and exposed to view before the altar in the Albert Memorial Chapel at Windsor is strictly in accordance with Danish tradition, has, apparently, passed without comment in the newspapers. In the case of Queen Alexandra, its position was not exaggerated and is of a temperary character, but in Roskilde Cathedral, the Westminster Abbey of Denmark, where almost all the Danish sovereigns, from Harold I, who died in 982 A.D., to King Frederick VII, who died in 1912, are buried, only the lighter kings reclined in state coffins, quite uncovered and open to inspection by visitors.

Says It Is Hereditary

Convinced By Experiment Cancer Is Not a Germ Disease

After experimenting 16 years with more than 50,000 mice, Miss Mauda Slye, associate professor at the University of Chicago, is convinced that cancer is not a germ disease, but is hereditary, and that resistance as well as susceptibility to the disease may be inherited.

Her experiments indicate that avoiding chronic irritation of susceptible tissues will do much toward avoiding cancer.

She Took Them Twenty Years Ago

So Says Mrs. A. Demers of Dodd's Kidney Pills

She Had Suffered From Lumbago and Indigestion and Found Relief in Dodd's Kidney Pills. "Twenty years ago I was very sick with indigestion and lumbago," states Mrs. A. Demers, who lives at 529 Clarence St. "I had seen many doctors and nothing seemed to relieve me. I started taking Dodd's Kidney Pills. After three months I noticed a great change and at the end of the year had no pains at all. Since that time, if I feel pain or when a tiredness in my back I take Dodd's Kidney Pills and get better. I highly recommend your pills which should be taken continually until relieved. Dodd's Kidney Pills make healthy kidneys. Healthy kidneys strain all the impurities, all the poison out of the blood. They are the greatest of all tonics. Give them a trial at once. They can be obtained from all druggists.

From Underground Spring

Presence of Fish in Pond Mystifies Dakota Farmers

Fish measuring two inches have been found on the farm of John O'Hagan, near Omemee, N.D. Farmers in the neighborhood are mystified because the pond, which has no outlet, has formed within the last two years and apparently is fed by a spring. The only explanation is that the fish are coming through an underground channel. The discovery was made when farmers were taking ice from the pond for packing purposes.

Her Heart Palpitated

She Had Fainting Spells

Mrs. J. Wilson, Port George, N.S., writes: "I suffered from palpitation of the heart, fainting spells, and at times, I could not be left alone as I was so nervous. My trouble was caused from overwork and worry, having been left alone with a large family. I had tried everything without any relief, but I know, to-day, that I would have been a nervous wreck but for your wonderful

These Pills are for sale at all drug stores and a dealer's price only 25c. The P. J. Milburn Co., Limited, Toronto, Ont.

North Pole Flight

Aviators to Carry Provisions to Last a Year

Prospects of a year's walk back to civilization should his Fokker aeroplane "go dead" while on its flight across the North Pole, are not worrying Carl Ben Eklund, University of North Dakota graduate, who is to pilot the plane of the proposed Wilkins expedition flight.

"We will be in the air about 23 hours before we reach Spitzbergen, according to our computations, but we will carry enough concentrated foods to last us a year should we have to walk back from somewhere in that unexplored land," Eklund said as he left for Point Barrow, Alaska, to join the expedition.

The principal object of the expedition is to ascertain whether or not there is undiscovered land north of Point Barrow. "America's furthest north."

"When the top-off comes from Point Barrow north," Eklund said, "the captain, George Wilkins, of the expedition, has left orders that in case we do not show up no relief expedition is to be sent out for at least two years."

Sweet and palatable, Mother Graves' Worm Extirminator is acceptable to children, and it does its work safely and promptly.

Will Unveil Effigy Of King Edward

Public Will See Figure of Queen Alexandra at Same Time

When the recumbent effigy of King Edward in St. George's Chapel, Windsor, is formally unveiled, the effigy of Queen Alexandra will be unveiled to the public at the same time.

The figure of King Edward has been covered up with a flag for several years. The slab for the effigy of Queen Alexandra, which is the effigy of King Edward, is being unveiled by the sculptor, Sir Bertram Mackennel, said, when interviewed. "For five years repairs have been in progress to the roof of St. George's Chapel, and until the renovations are complete it will be impossible to unveil the figures for fear of injury."

Few people know that at the time that Sir Bertram executed his figure of King Edward for St. George's Chapel he designed a similar figure of the Queen under the personal supervision of Queen Alexandra herself. It shows her in her coronation robes.

KEEP LITTLE ONES WELL IN WINTER

By Regulating the Stomach and Bowels With Baby's Own Tablets

Winter is a dangerous season for the little ones. The days are changeable—one bright, the next cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or grippe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and drive out colds, and through their use the baby will be able to get over the winter season in perfect safety.

In using Baby's Own Tablets the mother has an absolute guarantee that she is giving her precious little ones something that is absolutely safe—something that cannot possibly do harm to even the newborn babe as the Tablets contain not one particle of opium or other dangerous drugs. They are sold by medicine dealers or at 25 cents a box, by mail from The Dr. Williams' Medicine Co., Brockville, Ont.

Heat Rays to Destroy Planes.

Prof. A. N. Boyce, of the Russian magnetic observatory, announces the invention of an apparatus which, by means of the reflection of powerful rays of heat, will destroy aeroplanes, or dirigibles, while they are in flight. His appliance, he says, will project concentrated heat waves a distance of 25 miles, losing only one-third of their previous strength.

England Thriftiest Town.

Plymouth claims to be the thriftiest town in England. Its people have purchased 1,675,000 savings certificates in four years, an average of two per head per year, as compared with one and a half for the rest of the country.

Freedom from Asthma. Asthma is one of the most distressing troubles, sudden in its attack and prolonged in its agonies. Frequently many things are tried, but nothing seems to give hope of relief. Dr. J. D. Kellogg's Asthma Remedy is the one which can be depended upon. If you have tried other remedies without success, do not fail to get at once a package of this uniformly successful preparation.

Judicial Robes Costly.

The magnificent robes of black satin damask, heavily embroidered with gold thread, which legal etiquette compels the higher judicial officials in England to wear on state occasions, now cost nearly \$2,000 apiece.

Miller's Worm Powders will purge the stomach and intestines of worms so effectively and so easily and pleasantly that the most delicate stomach will not feel any inconvenience from their action. They recommend themselves to mothers as a preparation that will restore strength and vigor to their children and protect them from the debilitating effects which result from the deprivations of worms.

Saskatchewan Livestock Officers.

C. H. Learmonth, of Regina, was elected president of the Saskatchewan livestock board at the board's meeting at Saskatoon. James Brown, of Neudorf, was elected vice-president. J. G. Robertson, registered secretary-treasurer. Robert Stinson, Regina, for several years honorary president was also re-elected. Swanton Hagarty, of Belle Plaine, and James Brown being named directors-at-large.

King Dislikes Shingled Hair.

They say that the most conservative thing in the world is Britain's royal court. Queen Victoria would never court innovations in dress, and that was one of her reasons for appreciating Queen Alexandra, who, in her exquisite taste, never allowed herself to be swayed by fashion. In the same way, King George never tolerates shingled hair among the ladies around his wife.

A quarter of the total membership of German trade unions are women.

Minard's Liniment for frost-bites.

Well-Merited Success.

A distinguished citizen, honored politically and professionally, Dr. R. V. Pierce, whose picture appears above, made a success for himself equalled. His pure herbal remedies which have stood the test for many years are still among the "best sellers." Dr. Pierce's Golden Medical Discovery is a blood medicine and stomach alterative. It clears the skin, beautifies it, increases the blood supply and the circulation, and pimples and eruptions vanish quickly. Beauty is in the skin deep and good blood is beneath both. For your blood to be good, your stomach must be in condition, your liver active. This Discovery of Doctor Pierce's is yet in fine condition, with all the organs active. Ask your nearest druggist for Doctor Pierce's Golden Medical Discovery, in tablet or liquid form, or send 10 cents for trial package of tablets to Dr. Pierce's Laboratory in Bridgeport, Ontario.

Pottery Plant For Estevan

Plans are now under way for the establishment of a pottery plant at Estevan, Saskatchewan, by the International Products Company. Already a small kiln has been in operation for experimental purposes. Using only Saskatchewan clays the company has turned out fine face brick, building terra cotta, floor and wall tiles, and sanitary whiteware.

"DIAMOND DYES" COLOR THINGS NEW

Just Dip to Tint or Boil to Dye

Each 15-cent package contains directions so simple that any woman can tint soft, delicate shades or dye rich, permanent colors in silks, albas, ribbons, acrylics, wools, dresses, coats, stockings, sweaters, draperies, coverings, hangings—everything!

"Diamond Dyes"—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or cotton. It is linen, cotton or mixed goods.

Sask. Co-operative Elevator Co.

Building a Large Addition to the Terminal Transfer at Buffalo

A 300,000-bushel storage addition to the "Co-op" Buffalo terminal transfer elevator, will be erected immediately, according to a decision reached by the board of directors of the Saskatchewan Co-operative Elevators Company. Contracts for the foundation of the structure have been awarded to D. E. Horton Construction Company, of Buffalo, and work will be under way within a few days. The foundation work will be completed early in April, when contracts will be let for the superstructure. Present plans call for the completion of the new unit early in July in order to be in time for the handling of a portion of the United States crop, which will be moving to the seaboard at that time.

Completion of the addition to the "Co-op's" Buffalo elevator will give the company 2,000,000 bushels of storage space at Buffalo, and a total terminal storage space at Port Arthur and Buffalo of 17,000,000 bushels.

The further addition to the "Co-op's" terminal storage capacity will give the farmers of Saskatchewan control over their own terminal and country elevator storage space, than any other grain handling organization on the continent. The "Co-op" now operates 450 country elevators.

Free from Asthma. Asthma is one of the most distressing troubles, sudden in its attack and prolonged in its agonies. Frequently many things are tried, but nothing seems to give hope of relief. Dr. J. D. Kellogg's Asthma Remedy is the one which can be depended upon. If you have tried other remedies without success, do not fail to get at once a package of this uniformly successful preparation.

Judicial Robes Costly.

The magnificent robes of black satin damask, heavily embroidered with gold thread, which legal etiquette compels the higher judicial officials in England to wear on state occasions, now cost nearly \$2,000 apiece.

Miller's Worm Powders will purge the stomach and intestines of worms so effectively and so easily and pleasantly that the most delicate stomach will not feel any inconvenience from their action. Imprisoned By Soviets

Mexican and His Wife Are Accused Of Espionage

The story of the arrest and imprisonment on a lone island in the White Sea, of Count Vilas, a former Mexican consul in Cairo, Egypt, and his wife, a Russian princess, whose former name was Baranoff, on charges of suspicion of espionage, reached London through reliable Russian channels. It is stated Count Vilas is the son-in-law of 1924, obtained Soviet visas for himself and his wife to visit the latter's relatives in the Caucasus, but after their arrival the princess was seized and transported to the lonely Solovetsky Island in the White Sea, noted for its cruelty.

A word to the wife may be sufficient, but the policeman frequently has to use a club on the otherwise.

Children Cry for Fletcher's CASTORIA

MOTHER—Fletcher's Castoria is especially prepared to relieve infants in arms and Children all ages of Constipation, Flatulency, Wind, Colic, and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

To avoid imitations, always look for the signature of
Absolutely Harmless—No Opium. Physicians everywhere recommend it.

W. N. U. 1618

WHEAT POOL IS GREAT HELP TO FARM INDUSTRY

Winnipeg.—In the wheat pool we have the greatest single factor for the revitalizing of the farming industry, declared President A. G. Russell, at the third Manitoba economic conference. The wheat pool, he maintained, was destined to play an important part in the future of the farmer in Western Canada, and he urged that it be accorded full support.

In extending a welcome to the delegates, Premier John Bracken pointed to the tremendous growth in diversified farming. In Manitoba, he said, agriculture, and its various branches were worth just 20 times as much as all other industries in the province combined.

In suggesting what could be done to further improve conditions, Premier Bracken suggested increasing the acreage under cultivation; making the returns safer by increasing diversification; increasing the number of farms occupied; reducing the losses from pests and other agencies; reducing the cost of production and finally increasing the efficiency of marketing.

Canada's Sea Fish Catch Is Higher

Herring Taken on Pacific Coast Mostly Responsible For Increase

Ottawa.—The total catch of sea fish on the Atlantic and Pacific coasts during the month of December was 54,832,600 pounds, valued at \$92,017. During the same period in 1924 there were 52,457,100 pounds landed with a value of \$71,124.

The increase in the catch is due to the large increase of herring landed on the Pacific coast.

On the Pacific coast the catch of herring shows a very large increase over the same period last year, there being 40,588,000 pounds caught and landed while last year for the same period only 14,673,200 pounds were landed.

Practically the whole catch was dried for shipment to the Orient.

Championship Dogs Enter Quebec Race

Noted Teams From Manitoba Competing In International Dog Derby

Quebec.—Two of the world championship racing dogs from The Pas, Man., arrived here in the pink of condition to race in the great Quebec international dog derby.

Three Manitoba teams, owned and driven by Sherrill, Smith, Grayson and Emil St. Godard, will race. Quebec people crowded the railway station platform to see the animals. Betting immediately started at 2 to 1 in favor of any one of the three western teams to win.

The Quebec race course is approximately 125 miles, run on three days, February 18, 19 and 20.

Complete Long Flight

Aviators Fly From Spain to Argentina in 63 Hours Flying Time

Buenos Aires.—Commander Ramon Franco and his comrades on the Spain-Argentina air flight swept over Buenos Aires, completing their trans-Atlantic flight from Pálos, Spain, a distance of 6,232 miles, in 62 hours, 52 minutes, flying time.

The Spanish aviators made the short journey from Montevideo to the Argentine capital in 1 hour and 20 minutes. They received a welcome such as this city has seldom accorded. Thousands upon thousands of residents lined the waterfront, while other thousands from roof tops watched the great airplane soar high.

Demand For Coal

Toronto.—Crowds of citizens besieged the city hall in hopes of placing orders for Alberta coal, of which several large quantities are now en route. No orders were taken, however, and will not be taken until the coal arrives, probably within a week. About a thousand tons will be sold through the city hall.

Rumor Is Denied

London.—With reference to a rumor that Lord Londonderry would be the next governor-general of Canada, in succession to Lord Byng, the Canadian Press is authoritatively informed that the rumor is groundless.

Farmers Commence Spring Work Calgary.—Farmers are beginning spring work in the vicinity of Calgary. Farmers near Calgary Junction have begun to harrow their summerfallow.

W. N. D. 1916

Wheat Pool Offer

Basketweaver Wheat Pool to Submit Offer to Elevator Company

Regina.—The Saskatchewan Co-operative Wheat Producers, Ltd., and the Saskatchewan Co-operative Elevator Co., Ltd., have jointly issued the following statement for the benefit of the shareholders of both organizations:

"Following a series of conferences between the directors of the Saskatchewan Co-operative Elevator Company, Ltd., and the Saskatchewan Wheat Pool, covering the last few weeks, at which details of a proposal to purchase the elevator company's elevator system were discussed by the two bodies, the pool board have completed an offer to be submitted to the elevator company."

"Before the offer is finally submitted to the elevator company, it is the intention of the pool board to submit, along with a special meeting of pool delegates for their consideration and ratification. This meeting has been called to be held in Regina on Wednesday, February 17, at 10 a.m. Every effort has been made to advance the negotiations sufficiently to enable the 'Co-op's' special meeting to be held within the limit of time stated in the resolution passed at the annual meeting. This has been found to be impossible, but, nevertheless, calling a special meeting of the 'Co-op's' delegates, together with information concerning the matters involved, will be sent out immediately the terms of the offer have been definitely submitted to the 'Co-op's'. Special arrangements will be made for the attendance of the 'Co-op's' Act of Incorporation require that 30 days' notice of any special meeting be given to the shareholders."

Hopes Membership Will Be Retained

Government Anxious to Avoid Break With Pacific Cable Board

Ottawa.—Negotiations are still pending between Hon. Charles Murphy, postmaster-general, and the other members of the Pacific cable board, it was learned here. It is understood that it is the hope of the government to retain Canada's membership on the board. Hon. Ernest Lapointe, leader of the government, has said that he has "every hope that they will come to an understanding."

It is expected that there will be developments in the case before very long. Mr. Lapointe promised in the house a few days ago that he would communicate the wish of Sir George Perley to the postmaster-general that nothing be done until the common has had an opportunity to understand and discuss the situation.

The total contribution of the Canadian Government from 1903 to 1916 on account amounted to \$364,252. During the past two years there has been no contribution by the Canadian Government because the operation of the board showed a surplus.

It is probable that the matter will be discussed in the House of Commons and the details of the difficulties between the government and the cable board will be made known.

Jap Teachers Will Be Closely Watched

Must Conform to Canadian Rules Says B.C. Minister of Education

Victoria.—Movement of four female Japanese school teachers, who arrived in British Columbia recently, will be closely watched by the department of education, Hon. J. D. MacLean, minister of education, announced. He added that he knew nothing about the teachers' plans except what he had seen in the newspaper reports, which said they were going to Ocean Falls and Mission City to teach Japanese public school pupils after regular school hours.

"We cannot prevent the Japanese from establishing schools of their own," Mr. MacLean explained. "If such schools are established, however, they have to live up to certain standards of education which will make good Canadian citizens out of their pupils. Such standards, of course, would be enforced in any schools established by the Japanese. Any teachers who wish to teach in the public schools must have certificates and we would not grant these certificates to Japanese women. We cannot stop them teaching in private schools, however."

Alberta Fairs

Edmonton.—At the final session of the annual convention of the Alberta Fairs' convention here, V. E. Forster, of Camrose, was elected president and Hugh Macintosh, of MacLeod, vice-president. Directors elected from the north were J. B. Stewart, of Lethbridge, while those from the southern district will be R. Cates, of Oyen, and John Wilson, of Innisfail.

Not Willing To Submit Question to the League

Premier Mussolini, of Italy, Is Still in Defiant Mood

Rome.—Italy refuses to accept any proposal to submit to the League of Nations the question of the treatment of the German-speaking population in the Upper Adige. This Premier Mussolini declared in the senate in his answer to Dr. Gustav Stresemann, who in the Reichstag set forth Germany's side of the controversy with Italy over the former Austrian territory, which Italy now holds by virtue of the treaty of St. Germain.

The Italian premier's address was calm and restrained in abrupt contrast to his first speech on the same subject, covering point by point the utterances of the German foreign minister.

B.C. Lumber Exports Heavier Last Year

Broke All Previous Records For Overseas Shipments

Victoria.—Making its way to the four corners of the globe, British Columbia lumber broke all previous records for overseas shipments last year, according to figures compiled by officials of the provincial forestry service.

Total water-borne shipments of lumber from the province last year amounted to 57,500,000 feet compared to the former record of 53,126,310 feet established in 1924.

REGRETS ATTACK ON CANADA IN BRITISH PAPERS

Ottawa.—W. G. McQuarrie (Conservative, New Westminster), drew the attention of the government in the house to a cable report of a speech by Lieut-Governor Bruce, of British Columbia, in London, deprecating attacks on Canada and Canadian conditions in British papers. Mr. McQuarrie asked if the government intended to do anything regarding these reports.

Hon. Charles Stewart, acting minister of immigration, said that whatever reports appeared in the British press about Canada could not be more damaging than some of the speeches in the Canadian House of Commons. It was doubtful if the Canadian government would be wise to take any action in the matter of what the British press cared to publish.

For League Expenses

Ottawa.—Canada's share of the expenses of the League of Nations during 1925 will be \$165,271. This is a reduction of about \$2,000 from the previous fiscal year. The report of Canada's delegation to the last league assembly totalled \$11,899. The delegation was headed by Senator R. Dandurand, who was made president of the assembly.

Fined For Not Voting

Sydney, Australia.—Two men were fined ten shillings and ordered to pay 25 shillings cost in the first instance under the federal compulsory voting law.

FURNISHING THE HALLS OF MEMORY

Miss Catherine Ivan, of San Francisco, is the happy young girl shown here with Commander H. Sibbons, of the Canadian Pacific Train "Montreal," and her mother, Mrs. Harriet Ivan. Miss Ivan sailed recently for the West Indies from New York, having won the 15p with an essay on "Why I Want to Travel," in the San Francisco Chronicle's Cruise Contest.

One of the reasons Miss Ivan gave in her essay was that she wanted to travel for memory's sake. "When the inevitable flight of years narrows my horizon," said the young lady, "and restricts my intercourse with the world; when friends and family scatter to be I am thrown on my inner resources, I want the halls of my memory to be so richly tapestried with priceless pictures of charm and beauty that I shall always be good company for myself and may grow old gracefully."

"Then, when I have sailed the Seven Seas, realizing always that one can get out of travel only what one puts in it, I shall turn happy feet homeward and seek my own friends—content."

MOVEMENT OF WESTERN GRAIN REPORTED SLOW

Fort William.—Following is the report of E. A. Ureel, statistician in charge of grain commission on the movement of western grain crops for January, 1926.

"Owing to the comparatively small quantities of wheat being imported by European countries from North America, the disposal of the Canadian surplus has been taking place during the past few weeks at a rate very much below what was expected."

"From a statistical standpoint authorities are agreed that available supplies of wheat in exporting countries only exceed the estimated normal requirements of importing countries by a small margin. Economic conditions in European countries, however, indicate home-grown supplies will be utilized to the fullest extent so that imports will be out of the question. It is expected that Canada's surplus can be disposed of very rapidly. In the meantime, by the end of January, upward of 35,000,000 bushels of wheat still remained in store at local and Atlantic seaboard ports. Fort William and Port Arthur elevators were full and interior public elevators rapidly filling. Vancouver, with ample ocean tonnage available, is handling almost forty per cent of the total North American wheat exported at present and is only prevented by lack of demand from shipping far more. Oriental purchases accounted for a large proportion of Vancouver shipments until the last few weeks, when shipments to Europe increased substantially. From present indications the volume handled through Vancouver this season will exceed all previous records."

"The volume of movement to terminal points in the western grain inspection division, although far below December, is much in excess of a year ago. During the month, 20,938 cars of all grain passed inspection, as compared to 16,715 in December and 12,090 a year ago. The proportion of grain: grading 'no grade,' tough or damp, still continues in excess of 50 per cent to the total."

Mexico Wants Juvenile Courts

President Has Been Petitioned to Issue a Decree

Mexico City.—Juvenile courts for Mexico are urged by the Society for the Prosecution of Children of this country.

The society has petitioned President Calles to issue a decree under the "extraordinary authority" given him by congress, for immediate creation of these courts. If the president thinks he has not the authority the society will submit a bill to the next session of congress.

GOOD ROADS TO GREATLY BENEFIT PRAIRIE WEST

Victoria.—Hon. Sam Hill, United States millionaire leader of the International Good Roads Movement, announced on his arrival here from Seattle, that on Friday, July 1, he will start on the first all-Canadian automobile trip from Vancouver to Winnipeg. This will be made possible by the completion within the next few months of the trans-Pacific highway which is now under construction by the British Columbia Government.

"The biggest thing at present in this country is Canadian highways, both for itself and what it symbolizes in opening up the country," Mr. Hill said. "With all sections of the country linked up through the completion of these last connecting links in the national chain, you won't be able to keep people out. For spreading population through the country, one main highway is worth more than two railroads, as regards the actual number of persons that are brought in as visitors or settlers."

Valuable Gypsum Deposits Found

Toronto.—Valuable gypsum deposits have been discovered in Northern Ontario, 120 miles beyond Coburn, toward James Bay, Premier Ferguson has announced. He stated that large and important mining interests had approached the government for assistance in working the deposits.

Washington's Home Brought To U.S.

Norfolk, Va.—The ancestral home of George Washington, that has stood for more than 300 years in England, has arrived here packed in crates and so marked that it can be reconstructed at the birthplace of the first president of the United States.

Change Fair Date

Toronto.—A resolution recommending that the 1927 provincial fair at Guelph be held in March instead of November as the custom for some years, was passed by the Ontario Swine Breeders' Association here.

Transfers Activities To B.C.

Large English Mining Company Searching Mainly For Arsenic

Vancouver.—One of Cornwall's largest mining companies is transferring its activities to British Columbia in search of arsenic, lead and zinc ores. It was learned at the British Columbia chamber of mines.

Not only will it buy and operate properties, but it will bring experienced Cornish miners to the province to introduce a system of mining by which shafts and tunnels are bored, not blasted, underground. H. J. Bligh, advance agent of the Devon Consolidated Mining Company.

"We have been influenced to come to British Columbia, principally because our arsenic ores in Britain are worked out," Mr. Bligh said. "While we are looking for arsenic propertions, we are equally attracted by lead and zinc mining possibilities."

Interest In Emigration Revived

Steamships Report Long List of Applicants For Passage to Canada

London.—Revival of interest in emigration to Canada following the inauguration of the £3 rate of passage recently agreed upon between the British and Canadian Governments is especially marked at Liverpool, Manchester, Glasgow, Southampton, Cardiff and Belfast, Canadian Pacific steamship services, who say that at these places there are long lists of applicants for steamship passage in Canada.

A marked feature of the new emigration scheme is the higher standard of the prospective migrants compared with the standard of would-be settlers in former days.

Discovery Of New Ray

Fills Important Gap In Wave Lengths Says Professor

London.—The discovery of a new type of ray supposed to lie between the ultra-violet and X-ray, is announced by C. E. Wynn Williams, of the University of North Wales, at Bangor. It is said the new rays penetrate the air for several inches, but are stopped by all solids, even by gold leaf, while X-rays can penetrate a half-inch of lead, and the recently discovered Millikan rays pass through six feet of lead.

There are two important gaps in the long scale of wave lengths, and the new ray, according to Professor Williams, fills one of them, namely, that between the X-ray and the violet.

GOOD ROADS TO GREATLY BENEFIT PRAIRIE WEST

Victoria.—Hon. Sam Hill, United States millionaire leader of the International Good Roads Movement, announced on his arrival here from Seattle, that on Friday, July 1, he will start on the first all-Canadian automobile trip from Vancouver to Winnipeg. This will be made possible by the completion within the next few months of the trans-Pacific highway which is now under construction by the British Columbia Government.

"The biggest thing at present in this country is Canadian highways, both for itself and what it symbolizes in opening up the country," Mr. Hill said. "With all sections of the country linked up through the completion of these last connecting links in the national chain, you won't be able to keep people out. For spreading population through the country, one main highway is worth more than two railroads, as regards the actual number of persons that are brought in as visitors or settlers."

"The biggest thing at present in this country is Canadian highways, both for itself and what it symbolizes in opening up the country," Mr. Hill said. "With all sections of the country linked up through the completion of these last connecting links in the national chain, you won't be able to keep people out. For spreading population through the country, one main highway is worth more than two railroads, as regards the actual number of persons that are brought in as visitors or settlers."

Britain's Farm Policy

Additional Grant For Agricultural Education and Research

London.—Minister of Agriculture Guinness has made public further particulars regarding the British Government's agricultural policy. The most important item of the programme as announced is an additional grant of £250,000 for agricultural education and research during the coming five years, of which amount it is proposed to spend about £250,000 on foot and mouth disease research and £400,000 on veterinary education and research.

"Red" Officials Jailed

Leningrad.—Twenty-nine officials of the state trust for massed production of merchandise were also sentenced to terms of government funds and other offences. They received sentences of imprisonment ranging from one year to ten years.

WESTERN ROUTE FOR GRAIN IS LIVE SUBJECT

Edmonton.—Premier Brownlee has wired Hon. Mackenzie King suggesting a conference on the western route. This matter has been especially before the government for the past few days, and the entire question of Alberta's interest in the development of the Pacific route and the Vancouver harbor has been under consideration. The request for action at Ottawa, resulting from this discussion, touches on some points of vital concern to the west. It is as follows:

"Government of Alberta urges upon your advisability holding conference, producers and others concerned to discuss whole question of future development of western route and Vancouver harbor. This route most logical for future export Alberta grain and other products. An sure you recognize right of these producing interests to further proper development of western route and management of harbor facilities Vancouver. Equalization freight rates removes an artificial barrier but urge upon you the need of early conference also interests to face frankly and courageously further problems attendant upon development of this route, including representation of producing interests on Vancouver harbor board."

Spirit Of Independence

Irish Free State Adopts Free Hand On Boundary Issue

Geneva.—The Irish Free State has reaffirmed its independent spirit as a part of the British Empire, when it registered with the League of Nations the new boundary agreement concluded with the British Government on December 3, 1925.

Some time ago the Dublin Government registered with the league the convention with Britain by which the Free State was created. Subsequently, after considerable Government consideration, came into power in England. London sent a note to the league which indirectly chided Ireland for taking this initiative, explaining that the Irish convention did not fall within the class of agreements which the covenant requires to be registered.

The British stand was that the covenant did not refer to agreements between integral parts of the British Empire.

League officials believe that by the recent action the Free State has positively ignored Great Britain's admonition.

Wheat Exports Via U. S. Ports Increased

Canada's Shipments to United Kingdom Totalled 107,149,079 Bushels

Ottawa.—A total of 107,149,079 bushels of Canadian wheat was exported to the United Kingdom via United States ports during the six months ended January 31 last. The exports of Canadian wheat to the United Kingdom via Canadian ports during the same period totalled 28,515,118 bushels. The value of the wheat exported by the United States ports was \$147,591,794. The value of that exported via Canadian ports was \$43,818,440.

During the corresponding period a year ago, exports of Canadian wheat via the United States totalled 99,718,808 bushels with a valuation of \$75,561,060. Total exported via Canadian ports was 24,857,001 bushels, valued at \$38,102,560.

Britain's Farm Policy

Additional Grant For Agricultural Education and Research

London.—Minister of Agriculture Guinness has made public further particulars regarding the British Government's agricultural policy. The most important item of the programme as announced is an additional grant of £250,000 for agricultural education and research during the coming five years, of which amount it is proposed to spend about £250,000 on foot and mouth disease research and £400,000 on veterinary education and research.

A new Bureau is to be established by the ministry of agriculture to deal with marketing and co-operation. A marketing commission and assistants will be appointed. It is also proposed to establish new farm institutes for research work.

"Red" Officials Jailed

Leningrad.—Twenty-nine officials of the state trust for massed production of merchandise were also sentenced to terms of government funds and other offences. They received sentences of imprisonment ranging from one year to ten years.

Items of Local and General Interest

The Ottawa house of commons will likely adjourn towards the end of next week.

Remember the dances to be given in the Lodge Hall on Wednesday night of next week.

An optimist is a woman who thinks her friends think she looks as young as they say she looks.

It took ten thousand men to clear the snow from New York's streets following a recent snow storm.

The difference between a bee and some people is that a bee doesn't go behind your back to sting you.

Miss Strachan, of the Fernie branch of the Imperial Bank staff, was a visitor last week end with her sister at Bellevue.

J. D. Matheson, K.C., of Macleod, and E. V. Robertson, of the legal firm of Robertson & Paul, Calgary, were in town on Monday.

The death took place at Calgary on Wednesday last week of Mr. Arthur Melville Westinghouse, former manager of the Auditorium hotel at Nanton.

Misses Keith, Fulton, Rae, Douglas and Galloway left on Tuesday to spend a few weeks in Calgary. Miss C. Marquis is spending a while at her home in Pincher Creek.

Mr. C. G. Plette, teller of the local branch of the Royal Bank of Canada, has been transferred to a branch of that institution at Airdrie, and is succeeded here by Mr. Clarendon, of Blackie.

Teacher (after a lesson on snow)—When we go out on a winter's day, and look around, what do we see on every hand? Tommy—Mittens.

A large shipment of brook trout eyed eggs was received by the Fernie Rod and Gun Club last week to be placed in the various streams in the vicinity of Fernie by the government hatchery officials.

Attempted by more than the usual pomp and ceremony, the final session of the present legislature of Alberta was opened on Thursday last. The speech from the throne, read by the newly-appointed governor-general, William Egbert, forecasted that important matters would be dealt with.

It is not much to the credit of the local school board, who are trying to lead the ratepayers to believe their is-a policy of economy, to state that the same number of pupils as taught by Miss Fulton at a salary of \$1700 a year are now being handled by two teachers at a cost of not less than \$2400 a year to the ratepayers.

Our attention was drawn a few days ago to a couple of young ladies whose faces were so bedaubed with cosmetics that 'twould take a charge of dynamite to reach the skin. When we saw a respectable looking fellow attempting to kiss them we figured there was the greatest waste of energy ever heard of, for he might as well have paid the same attention to a plastered wall.

A very nice little shower was given at the United church on February 8th, by the Phylomath C.G.L.T. group. In honor of their leader, Miss Winifred Dicken. The evening program commenced with a musical recital, consisting mainly of vocal solos, piano solos and sing-songs. This was followed by recitations and group yells. The girls then retired to the mission hall, where many beautiful gifts were presented by two C.G.L.T. girls, dressed as bride and groom. Supper was then served, after which a speech by Miss Eys Jones, on behalf of the C.G.L.T., was responded to by Miss Dicken. The remainder of the evening was spent in merriment and games.—E.C.

A new lodge of Elks will be instituted at Macleod some time in March. Premier Brownlee reports a surplus for the province for the year 1925 of \$188,000.

A jackfish or pike, caught recently in Lake Dauphin, Manitoba, weighed 87½ pounds.

Miss Fern Palmer, of the former Blairmore teaching staff, is visiting friends in Clarendon.

Hundred of wild ducks were seen moving northward through Southern Alberta during the week.

It must have been difficult for Adam to repent of a sin. There weren't any neighbors to find out about it.

Livingstone Lodge No. 22, Knights of Pythias, will hold a whist-drive and social in the Lodge Hall on Friday night of next week.

The only way we can account for the fact that so many Ford cars get wrecked in the traffic jam is that their drivers have been rattled.

A Pincher Creek hen hatched a brood of chickens last week, bringing them out in the open. Think of it for Alberta in the month of February.

According to large bills issued from the Enterprise office this week, Saturday, Monday and Tuesday next will be the closing days of the Coleman Trading Company's big sale.

The popular appeal of Socialism was neatly summed up by a Northumberland yokel, who defined a Socialist as a man "that will share his thirst with ye if ye'll share your drink with him."

The American immigration officer at Gateway has been removed from that position by his department and a successor appointed. Less inconvenience to visitors and business people crossing the line at that point is now anticipated.

We had the pleasure a few days ago, while in Calgary, of meeting with Mr. H. Merrifield, former resident of Blairmore in the employ of the McLaren Lumber Company. Mr. and Mrs. Merrifield are operating an hotel at Lyons, Alberta. Harry wishes to be remembered to his old friends in The Crow.

The Bassano Mail suggests applying the liquor profits to make up the deficit in the telephone department. Since those who patronize the vendors are not much concerned about what becomes of the profits from that source it might be a good idea to apply them towards keeping a telephone in successful operation—Relief Review.

Greenhill Temple No. 10, Pythian Sisters, held the sixth of their series of whist drives in the Lodge Hall last night, and as usual was a decided success. The prize winners were: Ladies' first, Miss Gladys Harrison; second, Mrs. E. Hinde; consolation, Miss Alice Carter. Gent's first, Mr. T. Hood; second, Mr. D. McEwen; consolation, Walter Lord. After supper, dancing continued until the early hours of morning, Mason's orchestra being in attendance.

A California golfer has obtained a divorce from his wife upon the ground that married life "put him off his game." The judge who made the decree of divorce was an ardent golfer, and disposed of the case with a word or two when he was told that the offending fair one was a "persistent nagger." After such an allegation there was no chance in that court for opposing counsel to say one word. How could any golfer with a nagging wife hope to achieve the chief end of man according to modern standards—"life, liberty and the pursuit of happiness?"

J. A. Kerr is a business visitor to Ponoka for a couple of days.

Superintendent Bryan, of the A.P. P., was down from Edmonton yesterday.

Over one hundred persons were buried by a snowslide in Utah yesterday.

And just a few years ago being knock-kneed was a misfortune instead of a dance.

Before going out with an amateur hunter, make him compare your portrait with that of a deer.

A girl can always tell when a man is in love with her by the way he looks at her when she isn't looking.

Blairmore lost to Bellevue in a senior hockey game on Monday night by a five-to-three score. There was a good turnout of rooters.

On Tuesday next between 11 and 12 o'clock in the forenoon, nominations for the office of mayor of the Town of Blairmore will be received at the Town Office. Timber for candidates is being considered and while it is hoped that an election will not be necessary and that a choice may be made by acclamation, yet several names are already mentioned, which include C. J. Tompkins, J. H. Farmer and W. McVey.

An appeal is being made by the farmers of Nova Scotia for the destruction of porcupines, on the grounds that they are the most destructive animals that have their habits in our forests, especially if there is a grain field bordering on or near the forest; that a bunch of them can in one night almost ruin a grain crop, especially of oats or wheat. The only excuse offered for its protection is that its flesh is edible and a fellow lost in the forest need not starve while these sleepy, ugly-looking, destructive, sham-quilled monstrosities are roaming around.

ATTENTION, SOLDIERS

If you served ninety days or more in the Spanish-American war, or in the Chinese Relief Expedition, or in the Philippines prior to July 4, 1902, you will be interested to know more about the law passed by the U.S. Congress on June 8, 1920. Many claims filed under this law have been allowed and many have been rejected. A rejection does not necessarily mean that pension cannot eventually be granted. The filing of a new application will again cause the pension bureau to take action. If the rejection was on the ground that the soldier was not shown to have been disabled the filing of a new application will give a chance for other doctors to make an examination. Many times the local examination is ordered to be allowed. This examination is ordered by the pension bureau.

This law contains two provisions: 1st, it allows pensions to all ex-soldiers, sailors and marines with the above service record who were honorably discharged and who are now over sixty-two years of age; 2nd, it allows pensions to those who are at present materially disabled from earning their living by hard labor from disease, if their disability is not the result of their own misconduct. Such disability must be permanent but need not be total. It need not be the result of military service. The soldier does not have to be sixty-two years old to claim an disability. The amount of pension depends upon the degree of disability and ranges from \$12.00 to \$30.00 per month. If you wish advice about this law write M. E. Buchanan, Route 1, Trevilians, Virginia. Prompt action is desirable as pension if allowed begins from the filing of the claim. Please enclose stamps for reply.
